

Community Consultation for an upgrade to Fitzgerald Avenue

As **Councillor for Division 1**, I am delighted to invite you to give feedback about what you would like to envision for Fitzgerald Avenue, Springwood.

Over a number of years, Division 1 Local Improvement Program funding has been allocated to enhancing and activating Fitzgerald Avenue.

Recently, the project was co-funded with additional money from the Australian Government's Local Roads and Community Infrastructure Program (LRCI).

During the 2016 Springwood Summit, the community identified the streetscape enhancement and activation of Fitzgerald Avenue as one of their key priorities.

What is proposed?

The proposed project intends to focus on transforming Fitzgerald Avenue to be a place that is exciting, inclusive and sustainable with:

- improved street lighting and creative lighting installations
- improved landscaping and trees
- upgraded concrete footpaths
- street furniture
- shade
- integrated public art
- bespoke designed wayfinding signage

The images included are concepts only, therefore your feedback on what is proposed will be greatly appreciated.

Please click on the QR code below to be directed to the 'Have your say' page' where you can leave all your ideas to transform Fitzgerald Avenue.
