Cr Karen Murphy

Our sports facilities are getting Games ready

Welcome to the latest Division 12 newsletter.

We've started the year strong and it's hard to believe we're already well and truly into 2026, halfway through this Council term and making great progress across our community.

There's a real sense of momentum with several long-planned projects taking shape.

The Beenleigh Aquatic Centre redevelopment is complete and open giving families, swimmers and local clubs a fresh and modern pool to enjoy.

At Hammel Park, work has begun on Beenleigh Junior Rugby League Football Club's new clubhouse, new lighting has been installed, and Beenleigh Baseball is moving ahead with plans for new batting cages.

The Twin Rivers Mallet Club's new clubhouse is progressing well and planning continues for upcoming renovations at Beenleigh Tennis in Dauth Park.

To ensure our community is ready for the opportunities the 2032 Olympics and Paralympics will bring, we're focused on getting the job done and upgrading our local sporting facilities.

With all this activity, it's a great time to work together to keep our neighbourhood clean, safe and welcoming for residents and visitors.

If you spot potholes in local streets, graffiti on walls or infrastructure, or damaged playground equipment in our Division 12 parks, take a quick photo and report it through the Snap Send Solve app so Council can respond faster and keep our area looking its best.

To help shape the future of Division 12 call 3412 5512 with your ideas, suggestions or requests, or email division12@logan.qld.gov.au

What's on? ourlogan.com.au

This year brought a deeply deserved honour for The Sewing Lair's founder Cass Gell who was named the 2026 Logan City Council Citizen of the Year.

Celebrating a decade of heart at The Sewing Lair

It has been an extraordinary few months for The Sewing Lair at Beenleigh as they celebrate an incredible milestone – 10 years of stitching kindness into the Logan community.

What began as a small group with big hearts has grown into a powerhouse of generosity with thousands of handmade and purchased items donated to charities across Queensland.

Last year's All Stitched Up anniversary event showcased the spirit that defines the Lair's members as they came together with sewing machines humming, crochet hooks flying and knitting needles clicking to create items to comfort children and families in need.

As their councillor, supporter and friend I couldn't be prouder of charity founder Cass Gell and every volunteer who makes The Sewing Lair a shining example of community spirit in Logan.

Cass' leadership recently helped deliver more than 550 gift packs and over 10,400 items to organisations including Centacare, Let's Give, Care Kits for Kids Qld, and the Bethania Community Centre.

Nightlight in Beenleigh gets a refreshing reno

A steadfast support service for families across Logan has begun the year with a bright new look at its Beenleigh depot.

Thanks to Division 12 Local Infrastructure Program funding, the head office of Nightlight received a much-needed full internal refresh and renovation to create a more welcoming environment for volunteers and visitors.

The kitchen and bathroom areas have been updated to better support Nightlight's daily operations.

Cr Karen Murphy with Nightlight's Johnny Porter at the newly revamped headquarters in Beenleigh.

Get snapping to solve local issues

Help keep your neighbourhood looking its best by joining Division 12's new Snap Send Solve Squad.

Residents can quickly report issues like potholes, missed bins or abandoned trolleys through the Snap Send Solve app.

To join the squad, download the app via Google Play and the App Store using the code RVXKB.

Help us solve problems and create positive change and together we can keep Beenleigh, Eagleby and Mount Warren Park looking great.

Mayor's message

Did you hear the big news? Amazon Australia is coming to Logan.

A new \$750 million robotics fulfilment centre will be built at North Maclean, creating more than 2,000 jobs during construction and fit-out, and around 1,000 ongoing jobs for people in our community once it's up and running.

Plans have been revealed for the four-level facility, which is set to cover about 150,000 square metres. That's almost twice the size of Suncorp Stadium.

When it's operating at full capacity, the centre will process more than 125 million packages a year and hold up to 15 million items ready to ship. With advanced AI and automation, that means faster delivery for customers right across Queensland.

The City of Logan is the perfect place for a company like Amazon to invest. We're the youngest and fastest growing city in Queensland, and many in our community want the opportunity to work closer to home.

Local jobs mean less traffic on our roads and more time with family.

I also love how Amazon's robotic warehouses combine technology and people. The technology handles the heavy lifting and repetitive tasks, while people focus on the work that requires skill, judgement and experience.

Your Councillors and I believe it's important that high-paying technology jobs are created right here in Logan. It's something many of you told me you wanted when I was running for Mayor.

Amazon joins big names like Toyota, Culture Kings, LSKD and Little Red Dumpling which have already invested in Logan's bright future. They know what we know. Logan is the place to be.

The Amazon fulfilment centre is expected to be completed in 2028.

Mayor Jon Raven

Immunising your child

Immunisation is a **safe** and **effective** way of protecting against harmful diseases.

The Logan City Council school immunisation program provides **free immunisations** to **year 7** and **year 10** students.
